## EXPERIENCE

### **ABT Extended Reality Designs LLC, Boise ID — Founder**

May 2024 - PRESENT

Starting my XR architectural visualization business has equipped me with a unique blend of technical expertise and entrepreneurial skills. I'm honing my ability to manage complex projects, and innovate with cutting-edge technology. This experience has not only deepened my understanding of architectural design but also enhanced my capabilities in business development, client relations, and strategic planning.

### **Lionbridge Technologies, Boise ID — QA Tester**

October 2022 - January 2023

I evaluated software applications by running test cases, identifying bugs, and documenting defects. I collaborated with developers to resolve issues, ensuring the final product met their standards and expectations.

### **Sonic Drive-In, Boise ID — Cook**

June 2019 - June 2024

Working here I developed proficiency in preparing and cooking a variety of menu items quickly and accurately in a fast-paced environment, ensuring high-quality food standards. I also worked closely with team members to maintain smooth kitchen operations, demonstrating strong communication and teamwork skills.

## PROJECTS

### **Center Buddy — *AR Learning Companion App***

Center Buddy is a project that I am currently working on with a group of other BSU Alumni. Center Buddy is an augmented reality application to help students on the autism spectrum or have other learning disabilities to understand classroom and behavioral rules. We plan on applying and submitting the app to Venture College: Idaho Entrepreneur Challenge in February 2025.
